

GEORGIA ASSOCIATION OF WOMEN IN PUBLIC SAFETY
5th ANNUAL CONFERENCE APRIL 24-27, 2023
MARRIOTT ATLANTA DECATUR DOWNTOWN/EMORY

Dear Community Partner,

The Georgia Association of Women in Public Safety (GAWPS) is an organization with a mission to provide opportunities for women in public safety disciplines to learn, mentor, and network amongst peers from across the state. We have a large following and have had very successful training events filled to capacity for several years, with instructors from across the United States. We are expecting once again to exceed expectations and want your support to help us provide an excellent learning and networking environment.

We are now planning our 2023 conference which will be held in Decatur, GA at the Marriott Atlanta Decatur Downtown/Emory Hotel. Our group is composed of public safety professionals and executives including law enforcement, fire and emergency services, and communications officers. We have continuously grown every year and held all of our events to maximum capacity. Our conference targets specific current training topics that are applicable to local, state, and private partners.

The Georgia Association of Women in Public Safety invites you to become its corporate sponsor for the training conference in Decatur, GA 2023. In return for your generous financial support, we will promote your brand in our marketing campaigns, promotional materials, and event communications. Your corporation can demonstrate its commitment and support by focusing on women in public safety from across the state of Georgia.

Attached are the details concerning event sponsorship levels.

If your organization would like to participate in this year's event as a sponsor, please contact us at gawps911@gmail.com regarding your desired sponsorship level or directly register online at www.gawps.org.

Thank you for your time and thoughtful consideration to support this organization's mission for professionals in the Georgia Association of Women in Public Safety.

Best regards,

Courtney Gale
